THE UNREST IN TURKEY.

The New Ministry Not Expected to Hold Together a Day Longer.

LONDON, Nov. 11.—A dispatch to The Times from Constantinople says that the Armenian massacres are ordered from the Field Kiazir, not necessarily with the sultan's knowledge, but by influential men of the Palace party, anxious to discredit the administrator of Khedil Pashas recently created vizier. The instance of Darbikir is well known. M. Cambon, the French ambassador, after learning of the two days' rioting at Diarbikir, threatened to bombard Alexandria with the French squadron until the resignation of the government had been brought about. Two hours after this threat was made the Yildiz Kiosk Diarbikir was captured. The Times correspondent says that this is an eloquent fact explaining the situation, and that many small instances point the same way.

The diplomatic corps in under the eyes of Christians throughout all provinces, but it is not believed that they are in any especial danger at Constantinople, because the members of the Palace clique are not likely to tolerate any anti-Christian movements, and the members of the Fabius-Lamartine constitutional party advocate the adoption of a policy giving Christians a share in the government. The natural consequence is the coalition of the Maltese constitutional party with the Armenians, and in fact there are signs indicating that such a coalition would be likely to occur under circumstances in any degree favorable. It is believed at Constantinople that the new ministry will not live over today.

Even Foreigners in Danger.

LONDON, Nov. 11.—The Vienna press speaks of the Turkish spy that news from Constantinople indicates that even foreigners are in danger, and that the eastern European powers have decided to employ every measure to defend the lives and property of their subjects. The Telegraph editorially applauds Lord Salisbury's speech of last Saturday, in which he declared that England was equal to any aggression. It recognized that this speech may involve the deposition of the sultan.

New York's Latest Murder Mystery.

N.Y. NOV. 11.—Five men were arrested yesterday for supposed connection with the Morristown murder, when Richard Pope was killed in Walter Brooks' saloon last Thursday night.

The prisoners are: William Nalle, 41 years old, of Brooklyn; Michael McGinn, 26 years old, of Brooklyn; Terence Malone, 21 years old, of Brooklyn; Alexander Duncan, 21 years old, no home; and Edward Richards, 28 years old, no home. Major Burke, of Buffalo, Bill's Wild West show, called upon Captain O'Brien and declared that any one having any connection with the show could have been guilty of the murder, as it had been assumed. Major Burke said that only four or five men were on the train which left the railroad yards after the murder, and that they had been accounted for.

Distressing Stories of Starvation.

SAN FRANCISCO, Nov. 11.—A local paper says Lord Shatto Douglass, the son of the Marquis of Queensberry, who married a variety actress a few months ago, is to be horsewhipped by Mrs. Addis, his mother-in-law. Mrs. Addis has announced that she will start for Los Angeles this week for the purpose of teaching her son-in-law some American manners. The disagreement is said to have resulted from the interference of Mrs. Addis in the management of the Douglass household. Lord Shatto took exception to the action of his mother-in-law, and in a letter informed her that when he married Miss Addis he did not marry the whole family, and that he would be pleased if his mother-in-law would permit him to manage his own domestic affairs.

PENNSYLVANIA DAY AT ATLANTA

A Distinguished Party to Attend the Exercises on Thursday Next.

HARRISBURG, Nov. 11.—Governor Hastings will pay a visit this week to the Cotton States exposition. He will be accompanied by members of his cabinet, representatives of the legislature and judicial branches of the state government and other distinguished Pennsylvanians. The party goes to Atlanta as the guests of the Pennsylvania exposition commission to participate in the exercises next Thursday, which has been designated as "Pennsylvania day." The Pennsylvania railroad has placed at the disposal of the commission the finest train in its service. Thursday noon special exercises will take place at the Pennsylvania building. Governor Atkinson, of Georgia, will deliver the address of welcome, to which Governor Hastings will respond. Addresses will also be made by Mayor King of Atlanta, Judge Henry Williams, of the Pennsylvania supreme court; Lieutenant Governor Walter Lyon, and C. A. Collier, president of the exposition.

How a Mine Boss Quelled a Riot.

BIRMINGHAM, Nov. 11.—A threatened riot at Ishkooa mines, near this city, was quelled by Perry Watkins, the mine boss, who killed two men and mortally wounded the third. Watkins was assaulted by Louis Smith Jr., Louis Smith, Sr., and Columbus Madden with missiles. When they had Watkins down, and thought to be knocked senseless, he emrped his revolver, killing Louis Smith, Jr., amputating Madden, and mortally wounding Louis Smith, Sr. The other disaffected miners then threatened Watkins, when they were quelled by Watkins starting the same vigorous defense.

Suffocated in a Mine.

SHAMOKIN, Pa., Nov. 11.—Edward Kelly, 35 years old, a miner at the Pennsylvania mine, was imprisoned by a fall of coal on Friday, which closed the only outlet leading to the gangway. A big gang was put to work and another heading was driven through the pillar of coal to reach his place of refuge but it was not until yesterday morning, after forty-three hours labor, that the work was accomplished. Kelly had succumbed to the deadly mine gas some hours previous. His death was due to suffocation. He leaves a wife and three children at Ridgeville.

Stabbed Himself at the Dinner Table.

SHAMOKIN, Pa., Nov. 11.—Enoch Seebine of Green Ridge, while eating dinner with his family made a determined effort to commit suicide by stabbing himself with a butcher knife. The blade pierced his abdomen twice and was forced into his neck before the horrified members of his family could interfere and disarm him.

Owing to a defective indictment Edward Morris and wife were acquitted at Huntington, W. Va., of murdering their young daughter.

A New Orleans trolley car struck a car stage on Friday in which Mrs. Julia Ward Howe was riding, but she escaped injury, though severely jolted.

Upon returning to Meeker, Colo., after nine years' absence, George S. Hazen, ex-postmaster and brother of the late General Hazen, was arrested for embezzlement.

Steamer Puritan Run Aground.

NEW YORK, Nov. 11.—The famous Hudson River line steamer Puritan went ashore in the fog at 3 o'clock on Saturday morning, striking on Big Gull rock, and is half submerged. All the passengers were safe. The steamer has small chance of saving.

Noted Canadian Scientist Dead.

HALIFAX, N. S., Nov. 11.—Professor George Lawson died here last night from a stroke of paralysis, aged 67. He was secretary of agriculture for Nova Scotia, and professor of chemistry and botany in Dalhousie college. He was one of the most distinguished scientists in Canada, and was the author of numerous pamphlets and works on botany and chemistry. He was a fellow of the Royal Society of England and the Royal Society of Canada.

Charged with Killing His Uncle.

LUTHER, Va., Nov. 11.—Newton D. Kibler was arrested here on Saturday for the murder of his uncle, Willis D. Kibler, last Wednesday. Mrs. Fannie L. Kearnes, an old friend of the dead man, now residing in Baltimore, was arrested as an accessory in the crime. Kibler and Mrs. Kearnes were both about to take a train for Baltimore. The evidence is circumstantial, but very strong against both.

School Closed by Disease.

ARMONK, Pa., Nov. 11.—As a precautionary measure, after consulting with several physicians, the school board of Lower Merion township has ordered the Ardmore public school closed for one week. There has been quite a number of cases of diphtheria, sore throat and similar diseases, but very few fatal ones, in the neighborhood within the past few weeks.

Three Murderers Captured.

SHAMOKIN, Pa., Nov. 11.—Peter Sheppard and two companions were arrested yesterday for having crushed in the skull and face of the former's brother, Frank Sheppard, after he had refused to drink with them. After committing the crime they threw the body on the platform of the Reading passenger train as it pulled out from the station.

The Duke and Duchess at Church.

NEW YORK, Nov. 11.—The newly wedded Duke and Duchess of Marlborough attended service at St. Mark's Episcopal church in Isip, L. I., yesterday. The church was crowded in expectation of their coming and they were much stared at. Mr. W. K. Vanderbilt visited his daughter and son-in-law at his country place.

Deadly Mine for the Thomas Family.

POTTSVILLE, Pa., Nov. 11.—John Thomas, of Branchdale, was killed at the Otto colliery Saturday. About four years ago the father, Thomas Thomas, sustained an injury in the same mines, from the effects of which he died a few days afterward. Two years later the youngest son was instantly killed at the same mine.

Robbed the Church Poor Boxes.

NEW BRUNSWICK, N. J., Nov. 11.—St. Peter's Roman Catholic church was broken into and robbed during the night.

The poor boxes were broken open and a large sum obtained. An unsuccessful attempt was made to break open the sanctuary and get at the valuable sanctuary vestments.

Shot by a Jealous Husband.

LEAVENWORTH, Kan., Nov. 11.—Major James M. Laing, a wealthy capitalist and coal operator, was shot and seriously wounded in the groin by Crawford Moore, a traveling salesman of this city. The shooting was the result of Major Laing's attentions to Mrs. Moore.

DENOUNCING DUNRAVEN

The Disappointed English Yachtsman and His Serious Charges.

MR. ISELIN'S VIGOROUS LANGUAGE

He Declares That If the Latest Statement Attributed to the British "Sport" Is True His Lordship Is a Liar and a Blackguard.

NEW YORK, Nov. 11.—Lord Dunraven's published statement in the London Field is causing great indignation among yachtsmen here. In that statement Lord Dunraven concedes that the Defender's victory was due to the fact that she did not sail in the races on her measured lead water line. This, of course, means nothing if it does not show that Lord Dunraven was dishonestly defeated in the race, and that he was cheated out of his victory.

In corroboration of this assertion Lord Dunraven cites the fact that when he was based on board the Defender he was never once invited to the bar of the Baltic Palace, but that much material was frequently transferred from the yacht to the tender or from the latter to the yacht. Defender went to the Eric basin to be measured. Lord Dunraven adds, and here it was apparent to everyone on the City of Bridgeport, the Valdez, since that she floated much higher than previously.

The Baltic Palace was beside the Defender all that night, her crew was at work from dark until 1 o'clock in the morning, and when Lord Dunraven put Mr. Henderson aboard the yacht in the morning he says he was perfectly certain that she was four inches deeper than she was when she was measured. He adds that he was reluctant to formally complain as it was impossible for him to verify his belief.

But when Mr. Fish went aboard the Valkyrie III Lord Dunraven says he told him the whole case, asserting his belief that the Defender was sailing fully a foot beyond her proper length. This was just before the race, and he asked Mr. Fish to induce the committee to send a member

SERIOUS CHURCH ROW.

Dr. Rooker, Mgr. Satelli's Secretary, Charged With Sabotheod.

OMAHA, Nov. 11.—The affairs of the Catholic church in the west have taken a startling turn through the difficulties of Bishop Bonacum. An injunction was on Saturday refused the bishop of the First Nebraska court against Fathers Fitzgerald and Murphy to force them to surrender their church property at Tecumseh. These priests represent the element opposed to the bishop, and yesterday made public an open letter to the editor of The Bee, replying to a communication from Father Rooker, Mgr. Satelli's private secretary.

The letter asserts that when Dr. Rooker said nothing was known officially at Washington of the situation in the Nebraska church he deliberately misrepresented the

DR. FREDERICK ROOKER.

case. Fathers Fitzgerald and Murphy claim to have Dr. Rooker's receipts for a number of papers filed in the east. They demand explanation.

Concluding, the letter says: "We have received many letters from the delegate, reversing sentences against us by the bishop of Lincoln. These letters bear, to all appearances, the seals and signature of the apostle of the east. Are these seals and signatures genuine or forged? If they are genuine, how is it that Dr. Rooker says 'Nothing is known officially at the delegation about these matters?' If forged, what are the conditions surrounding the delegation at Washington by which such conduct is made possible? And why Dr. Rooker is an honest priest."

BLAMING CARLISLE FOR DEFEAT.

COVINGTON, Ky., Nov. 11.—Major Rhinebeck, the head of the municipal government of Kentucky, says: "I believe that Mr. Carlisle is responsible in an appreciable degree for the defeat of the Democracy of Kentucky. When he came home to register a few days before the election, he was accosted by a reporter who asked him if he intended to vote the Democratic slate. He is quoted as saying: 'I decline to be interviewed. I will vote for whom I please.' Every publication paper in the state seized upon these words to prove that the selfishness of the Democratic ranks was great enough to defeat Harrison. As a consequence thousands of Democratic voters went to Bradley, Kentucky, and in Carlisle had replicated in that interview, that he was a Democrat and would vote for the nominates of his party. What Hitler would have been saved a general election."

"Reaching the vessel again we found in the spirit compass about a quart of alcohol. I drew it out and every one took a drink. Our stove was in pieces lying about the deck. We braced it up. Powder was taken from a cartridge and dried. Then a corned beef can was found in which were placed small splinters of wood and some pine gum picked from the lumber. All this was sprinkled with powder. A black cartridge was placed in the revolver and the revolver fired. The powder lit and a fire kindled. Then we got fresh water by condensing the salt water."

"At daylight on Oct. 28, in response to our signals, the Enterprise hove down upon us. We were all taken on board and treated with the greatest consideration."

YOUNG WOMAN BURNED TO DEATH.

TOWANDA, Pa., Nov. 11.—The particulars of an awful accident that occurred in Owell township have been received. Agnes Maynard, 18 years of age, was working about a wood stove when her clothing caught fire. Her mother attempted to strip the burning garment off her, but her efforts proved futile. The girl was burned to death, and the mother will lose both hands.

A STEAMER STRANDED.

ASHTON PARK, Nov. 11.—The steamship Irwindale, of the Trinidad Steamship company, stranded at the foot of Third avenue during a heavy fog Saturday afternoon. There were a number of passengers on board, who were taken to New York by the tug C. P. Raymond. The boat was released by a wrecking steamer last evening, and was towed to New York.

MURDERED WHILE DEFENDING HIS TRUST.

SAN FRANCISCO, Nov. 11.—George Morris, assistant postmaster and express agent at a small place called Chinese Camp, near Stockton, was shot and killed by cobblers early in the morning. The robbers demanded the cash which Morris had ready to ship away. He met the demand by firing on them. They returned the fire, hitting his body full of buckshot.

Saturday's Football Games.

AT NEW YORK.—Princeton, 6; Cornell, 0. At Philadelphia—University of Pennsylvania, 23; State College, 4. At Pittsburgh—Chicago A. & T., 34; Duquesne A. C., 4. At Swarthmore—Swarthmore, 28; Johns Hopkins, 14. At Cambridge—Harvard, 4; University of Michigan, 11. At South Bethlehem—Lafayette, 24; Lehigh, 12.

POSTOFFICE STATISTICS.

WASHINGTON, Nov. 11.—First Assistant Postmaster General Frank H. Jones has made his annual report for the year ending June 30, 1895. Mr. Jones shows that the post offices of the United States have saved during the year \$1,395,577, the principal items being in the saving of the carrier service by stopping overtime and reduction of the force, amounting to \$1,300,000. The salaries to all presidential postmasters amounted to \$5,897,200, and the gross receipts of post offices to \$60,538,000. The number of presidential postmasters are 3,401, of which 159 are first class, 701 second class and 2,632 third class. An estimate of \$17,000,000 for all postmasters is made for the year 1895, an increase over the present year of \$1,000,000.

SAVED FROM THE SEA.

Experiences of the Crew of the Wrecked Schooner Frances.

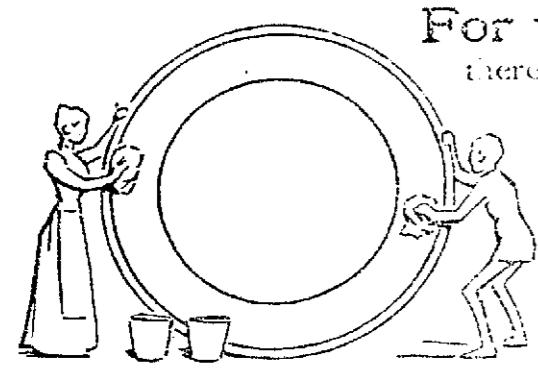

FOR THREE DAYS WITHOUT WATER

How the Ingenuity of the Captain's Wife Procured Moisture for the Parched Throats of the Shipwrecked Mariners. Rough Experience on a Sinking Vessel.

BALTIMORE, Nov. 11.—Stewart's barkentine Priscilla Captain Klages from Rio Janeiro arrived here yesterday with Captain John H. Giesner, who commanded the schooner Frances of St. John, N. B.; his wife, Marie James McDonald, Stewart Harry Davis, and Seaman George Herman, Richard Collier, Richard Delmore and John Bree.

"We left Jacksonville on Oct. 13, with 261,000 feet of pine lumber for Demarara, British Guiana," said Captain Giesner, in relating his experience. "We anchored at Mayport until the 15th, when we put to sea.

"For eight days we had gales from the eastward, accompanied by terrific seas. On Oct. 23, the vessel made a little more water than usual. I ordered the deck load of timber thrown overboard. On the morning of the 24th the vessel began to sink rapidly, and I ordered the foremast and jib staysail to be cut away. The sea continued to break over the vessel and the largest boat was launched from the stern davits. A line was made fast to the sinking Frances and we were towed by her.

For washing Dishes,
there's nothing like Pearline.
Why don't you begin the
use of it in that way, if
you're one of the timid
sisters who still think that
Pearline "eats the
clothes?" Then you can
soak things in it for a
year or two, and test it in
every way, until you become convinced that Pearline can't
do any harm. But it won't eat your dishes, that's sure. It
won't clog up the sink pipes, either, as soap does. And
that cloudy effect that you've probably noticed on cut glass
and china when it's washed with soap—that won't be there if
you wash it with Pearline.

Send it Back

Peddlers and some unscrupulous grocers will tell you "this is as good as"
or "the same as" Pearline. IT'S FAKE—Pearline is never peddled,
and if your grocer sends you a sample in place of Pearline, be
JAMES DYKE, New York.

IT WILL PAY YOU TO SEE OUR

Men's Blue, Black and Brown KERSEY OVERCOATS!

at \$6, \$8, \$10 and \$12. They are without doubt the greatest values in the market.

Our Men's Ulsters!

at \$5, \$7 and \$9 cannot be beat. We are showing the largest line in the city of Men's Dress Suits, Men's Business Suits, Men's Odd Pants, Pea Jackets, etc. Our argument is: Get the most for your money.

Our store is the place to do it.

BOYS' and CHILDREN'S DEPARTMENT

stocked way up with Suits, Overcoats, Ulsters, Reefs, etc. You will be awfully surprised when you see the goods and the very low price asked for them.

Latest Novelties in Gents' Furnishings!

Endless variety of Underwear, Overshirts, Cardigans, Jersey Coats, Sweaters and Hosiery:

GOLD EATING WATER

SPARKLING LIQUID CHARGED WITH CYANIDE OF POTASSIUM.

Millions in the Yellow Metal Recovered by Percolation—A Simple but Interesting Process, With Results Which Are Nothing Less Than Marvelous.

It is not generally known, even in California, that millions of dollars in glittering gold are annually taken from rude heaps of base looking quartz by the gentle flowing of crystal water over huge piles of broken rocks that contain the precious metal, but such is the fact.

"The process of robbing the earth of its gold has now been reduced to such a fine point," said Professor Price, "that the gentle flowing of water over the ore gleans it of its golden treasures, and this works well in cases where the old chloride and other methods are not so useful."

But the water of which Professor Price spoke is not so pure as it looks, though the eye could never distinguish it from that which is dipped by the old oaken bucket from a well in the deep tangled wildwood. The water used by miners in bringing gold from piles of mineral bearing quartz is charged with a simple chemical which has the potency to dissolve gold and hold it in solution. In truth, the sparkling liquid which flows over hundreds of tons of quartz, trickles through the mines and seeks its level, laden with gold, is charged with a deadly poison, cyanide of potassium, a drug which ferrets out the minutest particles of the yellow metal, dissolves them and brings the precious burden to the vats for conversion into refined gold again.

The cyanide process is as noiseless and unerring as the laws of gravitation, doing its work as quietly as "the majestic dance of the hours," unhampered by darkness or weather, by disasters of field or flood.

The state mining bureau of California was one of the first in the United States to investigate the merits of the cyanide process, and since the earliest investigations the method has found extensive application. It is so interesting that its results are nothing less than marvelous. This method of extracting both gold and silver from ores is based on the fact that even a very weak solution of cyanide of potassium dissolves gold and silver, forming respectively "auro-potassio cyanide" and "argentio-potassio cyanide," in the language of the chemists.

This interesting process consists of treating the ores with a weak solution of potassium cyanide, usually by allowing the solution to percolate through the ore, or by agitating a mixture of the ore and solution. When this part of the operation is completed, the solution is separated from the solid material, and the gold and silver are precipitated in a metallic form. The process is modern in its application, though it has long been known that cyanide of potassium would "eat gold." During the last five years, however, the process has been introduced into almost every goldfield in California and elsewhere, and more than \$20,000,000 have been recovered by the gentle flowing of waters charged with the magical chemical overheads of ore. Aside from the thoroughness of the permeating water method, its economy is a marked feature in mining. It is in great favor with the gold mining companies of New Zealand and at Johannesburg, Africa, as well as in California.

One of the most advantageous features of the cyanide method is that it can be applied to many gold and silver ores generally called "rebellious" or "refractory." The rebellious ore is placed in a vat for percolation, and the solution is run preferably from the bottom by a pipe, rising slowly through the ore. The solution containing gold is carried through precipitating appliances into the final reservoir, where, robbed of its wealth of metal, it may be pumped into one vat and again used for searching out the coveted metal.

One of the curious things about the solution is that a total percentage not stronger than an eighth of 1 per cent will carry away the gold almost as well as fluid of greater strength.

Percolation is effected by the use of thin pieces of zinc, so arranged that when the rich waters flow over them the fine gold clusters in rich deposits over the zinc, for which it has an affinity. The gold which thus deserts the waters of cyanide deposits itself in the form of fine dust on the plates of zinc. The percentage of gold extracted by this process is very large. A large parcel of fine sulphurites from the Ute mines yielded an average of 93.18 per cent of the gold value under the cyanide treatment, and similar results have been experienced elsewhere in the state. The cyanide plants are being extended, and the noiseless process is everywhere becoming popular.—San Francisco Chronicle.

The Nut Diet.

It is evident by many straws noticed in a general reading of periodical and newspaper literature that the next fad of the dietists is to be nuts. All the scientific cooking and health food authorities are urging with increasing persistence the value of this natural food and giving receipts for various nut flours, from which different varieties of bread cake may be made that are nutritious and of medicinal value in certain ailments. And now we learn that "Miss Ellen S. Atkins, a talented London woman who lost a spindid contralto voice four years ago from an attack of grippe, has completely recovered her vocal powers through persisting in a fruit and nut diet for a year and a half."—New York Times.

Dry.

In a volume of sermons by a well known but rigid preacher the following lines were found written upon the flyleaf:

If there should be another flood,
For refuge little fly,
Though all the world should be submerged,
This bark would still be dry.

Pittsburg Plumbers on Strike.

PITTSBURG, Nov. 11.—The plumbers yesterday passed resolutions demanding of their employers an advance in wages of 10 per cent., to take effect at 7 o'clock this morning. The master plumbers resist the demand, and the men went out. The men claim to have made several requests for this restoration without any satisfaction being given them, hence the determination to strike without further notice.

Detroit Anarchists Cooling Down.
DETROIT, Nov. 11.—A meeting held yesterday afternoon to commemorate what were termed the "murdered Chicago anarchists," was thinly attended and not at all radical in character. There were no red flags and most of the socialists remained away.

KEEPS POISON OUT.

POISON IN THE BLOOD—THE KIDNEYS FILTER IT OUT AND KEEP THE BLOOD PURE—THEY PROTECT US FROM MANY DANGEROUS DISEASES.

What Happens When They Get Out of Order—How to Cure Them Again.

Most diseases are caused by poison in the blood.

The poison should be kept out. The kidneys are supposed to do this. That is what they are there for.

And they generally do. But when they are sick they can't; and then we get sick.

The kidneys may get sick from overwork, worry, excess, high living, etc.

The reason so many of our great men die from Bright's disease is that so many overwork themselves.

Bright's disease is only one of the many diseases the root of which lies in the kidneys.

Other folks suffer from diabetes, rheumatism, gout, gravel, sleeplessness, asthma, nervousness, headache, neuralgia, etc.

All these diseases would go if the poison could be got out of your blood. If the kidneys would only do their work. If you would only take Dr. Hobbs' Sparagus Kidney Pills to make your kidneys do their work.

It is not your kidneys' fault.

You should be trying to help them. You can do it by taking Dr. Hobbs' Sparagus Kidney Pills.

It is such an easy piece of knowledge to remember.

Your kidneys are simply filters. They need looking to now and then like other filters. If they are kept clean and healthy, they will keep your blood clean and healthy, and you will be strong and healthy.

Asparagus is a healing and strengthening tonic for the kidneys.

Dr. Hobbs' Sparagus Kidney Pills give fresh life and power to the kidneys. They cause the kidneys to purify the blood, to make it redder and healthier and more nourishing. They put new life into your body, new color into your blood, new energy into your mind, new youth into your joints and muscles.

They do not work miracles.

But they cure diseases.

Dr. Hobbs' Sparagus Kidney Pills have cured so many people that they can be safely relied on to cure you.

They will cure you, not because they have cured others, because they are made from herbs which have never failed to cure the kidneys when taken in the proper doses.

They were prepared by a physician who knows how to cure the kidneys.

A few doses will relieve. A few boxes will cure.

Sold by all druggists for 50 cents per box, or sent postpaid on receipt of price.

Write for interesting pamphlet on the subject to Hobb's Medicine Co., Chicago or San Francisco.

L. STERN, 13-15 North Street.

KNOWLEDGE

Brings comfort and improvement and leads to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adopting the world's best products to the needs of physical being, will attest a virtue to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

The excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectively cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver, and Bowels without troubling them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all drugists in 50 cent bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

LOST IN

NEW YORK.

A play full of heart interest. A vivid picture of New York life from the Battery to Central Park. Real yachts, ferries, rowboats and

A Genuine Steamboat Running at Full Speed.

Two car loads of beautiful scenery by Arthur Weegler, of the Madison Square Theatre, New York. The East River by Moonlight, Gramercy Square, Randall's Island, Insane Asylum, Madison Square Garden, illuminated; New York Harbor, etc. The New York cast, new specialties.

Smooth White Hands result from using Orange Flower Balm. 25 cents McMonagle & Rogers.

UP THE MIDLAND.

Sale of a Farm—Getting Well—Her Last Wish Gratified After a Fashion—Rushmore Creamery Prices—Sale of a Wife—Shipped Apples to Scotland—Why Not Pro Rata Postage?—Apples in Eden—Lawless Deer Slayers—Uncas About Milk Freights—Sullivan County Murders.

Correspondence ARGUS and MERCURY.
—T. L. Lindsay, of Downsville, has sold his farm on the Beaverkill to Newell Youmans. Consideration \$1,200.

A large quantity of milk is now sent to New York in bottles from up this way.

—Ed. Davis, of Roscoe, who was hurt by a horse he was driving running away, will soon be out again. Mr. Davis was at one time a fireman on an O and W. engine.

An Up-Midland farmer, whose wife was down with consumption, put her in a lumber wagon and took her home to her father's house, where she died next day. When asked why he should have come so brutal and inconsiderate he replied that "she wanted to go home and die among her kindred and he could move her cheaper alive than dead."

The farmers who supply milk to the Rushmore creamery at Norwich were paid three cents a quart for October milk. There are some restrictions as to the feeding of the cows supplying milk to this creamery, but aside from that, or taken as a whole, better prices are paid by it than at any other concern shipping milk to New York.

A Sullivan county wood cutter traded his wife away to another for a cross cut saw with one end broken off. The agreement was that he was to have a good saw in exchange for the woman, but a tree fell against it and broke six inches off one end of it. This accident came near putting an end to the exchange. The master was, however, compromised by the original owner of the saw agreeing to keep it sharp for three months.

John Lindsay, of Walton, recently shipped several barrels of apples from Rockland to relatives in Scotland. Mr. Lindsay but recently paid a visit to the "land o' cakes," and finding that the people there were short of apples concluded to send them over a few. Apples sell readily there from \$1 to \$5 a barrel, provided they are perfect.

A Wayne county, Pa., milk producer says that if the farmers who live close to New York succeed in getting cheaper rates on their milk, owing to their nearness to market, the next step will be to petition the government for pro rata postage. It is outrageous for the government to charge the same rate of postage on a letter from Honesdale to New York as from Chicago to New York.

In some parts of Sullivan county the apple crop has been a large one, and prices are correspondingly low. Good grafted apples are now selling up here at from seventy-five cents to \$1 a barrel. If apples had been as cheap in the Garden of Eden as they are this year, Adam and Eve might have eaten a half dozen without any great fuss being made about it. What a blessing it would have been to the human race if apples had been more plenty in Eden, or, better still, if there had been none at all.

I venture the prediction that deer will never multiply and increase to greater numbers than they are now. It is a mistaken idea that those in authority have, that they can pass a law making it a misdemeanor to kill a deer in one county and lawful in another. They can depend upon it that all they turn loose are doomed to die the first chance that offers. There are thousands of good law abiding citizens, who will not molest them, but there are always a few unscrupulous hunters who will shoot the first deer they can get within range of and trust to their own cunning to get away without being caught.

If the Orange county milk producers should succeed in getting a pro rata freight rate on milk it must follow that Delaware, Broome, Cortland, Chenango and Oneida county farmers must go out of the milk business. With thirty-five cents as the extreme rate on a can of milk from Tully, on the D. L. and W., and Oneida, on the O. and W., the rate on a can of milk from Monroe or Campbell Hall would be about seven cents, and that would drive the milk from the far away counties out of the market. Our milk producers are becoming nervous at the near approach of the long talked about pro rata milk freight case.

Ninety-nine out of every hundred murders (perhaps I am getting the figures entirely too large) committed in Sullivan county are by low down worthless people who never owned a foot of land in their lives. Any one who will look the list over will find that it is in the main composed of huckleberry pickers, hoo-pole shavers and scoopmakers. There are many fine people living in Sullivan county, in fact there are no better citizens anywhere and they regret as much as everyone can that so many murders should have taken place within her borders as have disgraced it the past decade. For a long time the western end of the county used to poke fun at poor Manskating as being a dark and bloody ground, but it has come close at home to the extreme western town ever since Josh Townsend was killed and Ward's wife has turned up.

Moffat's Pills are truly the woman's best friend, because they cure all female obstructions and general weakness. Try them.

Smooth White Hands result from using Orange Flower Balm. 25 cents McMonagle & Rogers.

UP THE MIDLAND.

Among the missing, Sullivan county could well afford to get rid of at least five hundred of her population.

RUSTICS.

THE ERIE RAILWAY.
Receiver's Statement—Application for Confirmation of the Sale.

John G. McCullough and Eben B. Thomas, receivers of the New York, Lake Erie and Western Railroad, filed their report in the United States Circuit Court, Saturday.

The report shows that on Aug. 31 last, the total indebtedness of the road was \$17,388,407.77. Of this amount \$6,116,550.96 had been contracted by the receivers, and \$11,271,850.81 represented liabilities of the road prior to the appointment of the receivers. The principal creditors are the Carriage Steel Company, \$308,933.47; the Westinghouse Air Brake Company, \$64,410.41; Farrar, Teft & Rodd, \$13,615.42 and the Me Conway & Forsey Company, \$33,834.22.

The road was sold under foreclosure on the 6th inst., for \$29,000,000, and Saturday Francis Lynde Stetson, representing the purchasers, Charles H. Custer, Louis Fitzgerald, and Anthony J. Thomas, and David McClure, representing the Farmers' Loan and Trust Company, appeared before Judge Lacombe, in the United States Circuit Court, and asked for a confirmation of the sale.

W. W. McFarlane, representing the New York, Pennsylvania and Ohio Railroad Company, interposed a formal objection on the ground that he did not think the court had jurisdiction to foreclose the mortgage.

Judge Lacombe will hand down his decision in the case to-day.

"A BUNCH OF KEYS."

Hoyt's Funniest Comedy at the Casino.

To-night,

A good thing never grows old. This is the reason why "A Bunch of Keys" goes with such a whirl of fun and excitement. Enthusiasm is the only word to describe the state of the people who witness Hoyt's funniest comedy. There is a roar of laughter from the rise to the fall of the curtain. Not the kind of laughter that comes from the gallery, but the guffaw that convulses the house from top to bottom. All the music, features, songs, dances and medleys are new, and a good deal of new business has been introduced, so altogether, it is almost a new comedy. The company is entirely new, and headed by Miss Ada Bothner as Teddy. All the original scenery is used by the company, including the famous hotel scene, with the two upstairs rooms. At the Casino, to-night.

A Cure for Cataracts.

From the Poughkeepsie News-Press.

The stuffed calico cats, made of print cloth stamped with the picture of a tabby and stuffed with cotton into quite a life-like counterfeit of the animal, which were a common toy with children a few years ago, were put to a novel use by a Dutchess county farmer the past summer. He fastened the calico cats up among the branches of his fruit tree, and it is said they most effectually scared away predatory birds.

Great Slaughter of Birds.

From the Newton Register.

The annual game drive occurred, last week, on the Rutherford farms. One day the shooters killed seventy-nine English pheasants, and fifty-four the next day.

Deafness Cannot be Cured.

By local application, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

F. J. CHENEY & Co., Toledo, O.

Sold by all druggists. 75 cents.

A Baby's Life Saved.

ADDISON, N. Y., April 8, 1894.—Hand Medicine Co.—"I feel it my duty to write you in regard to my little daughter's sickness from teething and indigestion. She is seven months old. Two of the best physicians gave her up. One bottle of Dr. Hand's Teething Lotion relieved her so much that we tried Dr. Hand's Colic Cure also, and at once saw a change for the better. These remedies saved my baby's life.—Mrs. Wellington Brown." Dr. Hand's Colic Cure and Dr. Hand's Teething Lotion sold by all druggists, 25c.

Moffat's Pills are truly the woman's best friend, because they cure all female obstructions and general weakness. Try them.

Smooth White Hands result from using Orange Flower Balm. 25 cents McMonagle & Rogers.

Imagined He Has an Evil Spirit.

BONNIEBROOK CITY, N. J., Nov. 11.—John McGee, a prisoner in the county jail at May's Landing, has become violently insane and has been taken to the state insane asylum at Trenton. McGee was serving a term for stealing merchandise, including a bicycle. He imagines that he is possessed of an evil spirit, which he attempts to drive out by beating himself with every weapon that comes in his possession. His entire body is covered with deep scars as a result of his self inflicted punishment.

Pastor Chubb Seeks a New Trial.

NEWCASTLE, Pa., Nov. 11.—There were interesting features in the argument for a new trial in the case of Rev. S. H. Chubb, pastor of the Plymouth United Evangelical church. He was recently convicted of undue intimacy with Miss Mary Hiltner, a member of his flock. One of the reasons advanced for a new trial is the allegation that William H. Neall, of Lower Merion township, one of the jurors, had been influenced by a woman with whom it is alleged, he held a conversation at the dinner table at the Rambo House.

Rothschild Prevented a Disastrous Panic.

LONDON, Nov. 11.—The Paris correspondent of The Times says that it is understood that only the intervention of the Rothschilds on Saturday prevented the panic at Paris from becoming positively disastrous.

Tramps as Highwaymen.

PLAINFIELD, N. J., Nov. 11.—Mrs. John Cole, of Scotch Plains, was held up by tramps on South Avenue in broad daylight. She was driving a fast horse at the time, and giving the animal a cut, she got away from the men. In her excitement she dropped her pocketbook out of the carriage, which the tramps quickly secured. At the same spot on election day Mayor Young, of Fanwood, was held up, but succeeded in escaping on his wheel.

Our New Minister to Switzerland.

KANSAS CITY, Mo., Nov. 11.—The Star announces that President Cleveland has tendered to John L. Peake, a Kansas City lawyer, the appointment as United States minister to Switzerland to succeed James O. Broadhead, of St. Louis, who recently tendered his resignation to the president. This information is supposed to come through Congressman Tarsney. It is stated also that the appointment may be withheld until after the assembling of congress next month.

Church's Golden Jubilee.

ST. LOUIS, Nov. 11.—The golden jubilee of St. Vincent de Paul's church occurred yesterday, and was celebrated with great pomp. Besides several thousands of people who were present as spectators or won-hoppers, four archbishops and a large number of priests were within the chancel rail. Archbishop Kuhn of this city acted as celebrant of the pontifical high mass and Archbishop Ryan of Philadelphia preached the sermon. Archbishop Ryan of Buffalo and Archbishop Ireland of St. Paul also participated in the exercises. A banquet followed the ceremonies.

The Ericsson's Coming Trial Trip.

QUEBEC, Ia., Nov. 11.—The Iowa Iron works has shipped the new machinery for the torpedo boat Ericsson, and the trial trip will be held this month on Long Island Sound, should the weather prove favorable. On the first trial trip last fall a piston rod was pulled out and a cylinder smashed. On the second trial last summer a similar accident occurred, causing the death of three men, and it was then concluded that the cylinder head was too light. This defect has been remedied in the new engines.

The Deer Season Too Short.

ELIZABETH CITY, N. J., Nov. 11.—During the deer season of twelve days, which has just closed in South Jersey, at least thirty-five deer were killed in Atlantic and Cape May counties, a greater number than has been killed during any previous season for the last twenty years. Sporsman decries the short season law a failure and declares they will petition the legislature for a grant of at least a month in which to chase the deer.

Interesting Religious Ceremony.

NEW ORLEANS, Nov. 11.—Yesterday, at the concert of the Ursuline nuns, the statue of "Our Lady of Prompt Succor" was crowned with a diadem of gold and jewels whose intrinsic worth is many thousands of dollars, and the occasion was made of great pomp and ceremony by the prominent Catholics of this city and state. It was very much on the order of the recent coronation in Mexico, and is really the first ceremony of its kind that has ever taken place in the United States. The statue is about four feet high, and is a beautiful piece of wood carving representing the Virgin Mary holding in her arms the infant Jesus.

Orange County Clerk's Office, Goshen, N. Y., Nov. 13, 1895.

Notice is hereby given that a panel of petit jurors, to serve at a County Court and the Court of Sessions, to be held in and for the county of Orange, at the Court House in Goshen on the first Monday of December, 1895, will be drawn at this office on Thursday, Nov. 11th, 1895, at 9 o'clock a. m.

W. G. PAGGART, Clerk.

LE BRUN'S FOR EITHER SEX.

This remedy being injected directly to the seat of those diseases of the Genito-urinary Organs, requires no change of diet. Cure guaranteed in 1 to 3 days. Small painless package, by mail, \$1.00.

THE ARGUS.

C. MACARDELL,
PUBLISHER

GEORGE H. THOMPSON. EDITORS
J. F. ROBINSON. CITY EDITORS
A. E. NICKINSON. BUSINESS MANAGER
MONDAY, NOV. 11, 1895.

The Republican vote in this State is not up to last year's figures and the Democratic vote shows a fearful shortage. The Republican victory was won by Democratic default. If Democrats can be aroused to enthusiastic and united action, next year, they can redeem the State.

Hamilton Fish will be Platt's candidate for Speaker of the Assembly, and although S. Fred. Nixon, of Chautauqua county, has announced himself a candidate for the place, it is certain that Platt's man will win. John B. Stanchfield, of Chemung county, will be the Democratic leader.

A good deal of the spirit of the Puritans, who delighted in cramming morality and religion down the throats of others, still exists in this State. In the smaller cities and in villages and country towns the Sunday excise law is violated every week in the year but the good countrymen rallied round Warner Miller and his Sunday observance plank and voted for a dry Sunday—in New York.

Schlater, the New Mexico healer, whose wonderful cures in Denver have been the marvel of all the West, effected a remarkable cure in the case of the wife of General Manager Dickinson, of the Union Pacific. Mr. Dickinson, in order that others of the afflicted might have a chance to enjoy the blessings of health, ran a special train over the Union Pacific, which took into Denver over 300 maimed and crippled employees, whose injuries had defied the skill of the railway company's surgeons.

The Russian thistle, which has overrun whole counties in South Dakota and forced hundreds of farmers to abandon their farms, has been brought east and 150 plants have been found growing in the West Shore yard at Weehawken. It is supposed that the seeds were carried east in a cattle car. The plants at Weehawken were identified, Saturday, by Prof. Halestead, of the New Jersey Agricultural Station, and every one of them was carefully destroyed.

RUN DOWN BY THE BOGIE MAN.
Truant Officer Penney, after a Long Hunt, Captures a Twelve-Year-Old Peddler.

Truant Officer Penney, after considerable effort, was able, this morning, to capture twelve-year-old Jobb Lees, the young Syrian peddler, who refuses to go to school. His parents accompanied the boy to court and upon their promise to keep him at school he was discharged. The boy is remarkably bright and is fully able to make his way in the world, but does not care to give up a profitable business for "book larnin'."

A DRUNKEN MAN'S FREAK

Pays \$5 for the Poor Sport of Turning a Horse Loose in the Street.

Michael O'Brien, a young man from Bullville, saw Mr. Horace W. Corey's horse standing on Henry street, Saturday night. He untied the animal and administered several kicks, starting the horse off towards James street. The performance was witnessed by a man on James street, who informed the police. The horse was captured on Depot street and O'Brien was caught near the Madison House and locked up. He paid \$5 this morning, for intoxication.

Miss Stewart's Kirmess at Plainfield

Miss Lila Stewart's kirmess at Plainfield, N. J., for the benefit of Muhlenberg Hospital begins to day. Many of the most prominent people of Plainfield are interested in the affair and it gives every promise of being a great success. From Plainfield, Miss Stewart will go to Pittsburgh, Pa. to arrange for a kirmess there.

Strangely Marked Ballots.

The Kingston Freeman says that twenty ballots were thrown out by the inspectors of the first district of Ulster town as marked, the irregularity being that on the blank ballot of each sheet in the same handwriting, in ink, was the word "whole." The ballots were all mixed, but not alike.

Pills! Pills! Itching pills.

Symptoms—Moisture; intense itching and stinging; most at night; worse by scratching. If allowed to continue tumors form, which often bleed and ulcerate, becoming very sore. Swayne's Ointment stops the itching and bleeding, heals ulceration, and in most cases removes the tumors. At druggists, or by mail for 50 cents. Dr. Swayne & Son, Philadelphia.

LATEST BY TELEGRAPH

THE SALE OF THE ERIE CONFIRMED.
BY UNITED PRESS.

NEW YORK, Nov. 11.—The United States Circuit Court, to-day, confirmed the sale of the Erie Railroad, which was sold last week for \$20,000,000.

OBITUARY.

George Howard Hill.

George Howard Hill died, at 11 o'clock, yesterday morning, at Thrall Hospital, as a result of injuries received by falling down the cellar stairs at his drug store, last Thursday night. Mr. Hill never regained consciousness after his removal to the hospital. The base of his skull was fractured and he was otherwise cut about the head and face.

Deceased was a son of George Hill and Laura A. H. and was born in Monticello, June 26, 1861, and was therefore thirty-four years of age.

He learned the drug business with Mr. C. S. Thornton, in Monticello, and about twelve years ago came to this city, and for five years was employed in the drug store of Mr. Albert Bull. When Mr. S. T. Clineman opened the City Pharmacy at the corner of North and Cortland streets, about seven years ago, Mr. Hill went with him as manager, and several years ago he acquired an interest in the business and it has since been conducted under the firm name of Geo. H. Hill & Co.

Mr. Hill is survived by his parents and two brothers, Frank and Hobart, and one sister, Lucy, all of whom reside in Monticello. His father arrived in this city on Saturday and was with him when he died.

The remains were taken to Monticello on O, and W. train, this morning, and the funeral will be held there, Wednesday afternoon, at 2 o'clock, from his father's residence.

Mr. Hill was a member of the Elks Lodge, F. and A. M., of this city, and a delegation from that organization will attend the funeral. Mr. Hill made many warm friends during his residence in this city, and by his courteous attention to patrons had established a successful drug business. His sudden and unexpected death has shocked the entire community.

Barrett Alden Thompson.

Harriet Alden, only child of the late George A. and Carrie Wilbur Thompson, died at Highland Falls, Friday, of typhoid fever, aged four years, two months and eleven days. She was an unusually bright and interesting child and her death is a very severe blow to her widowed mother, who has the sympathy of all in the great sorrow that has come upon her.

The funeral took place at 1 o'clock, this afternoon, from the residence of Mrs. Thompson's parents, Mr. and Mrs. John C. Wilbur at Stony Ford. The interment was in the family plot in the Brick Church Cemetery at Montgomery.

Mrs. Charles E. Smith.

Mrs. Marie Antoinette, wife of Charles E. Smith, of Brooklyn, formerly of this city, died, Sunday morning, at the home of her daughter, Mrs. Nellie Summers. The cause of death was apoplexy, complicated by pneumonia.

The funeral will be held at 1,547 Pacific street, Brooklyn, to-morrow evening, at 8.15. Interment, Wednesday, in the family plot, at Matteawan.

Has Bought a House in Newburgh

The Newburgh Journal has the following, which will be read with regret by Middletoners:

Shipp & Osborn have sold to William Vanamee, of Middletown, the residence of Dr. Stone, No. 267 Liberty street, near Farlington. Mr. Vanamee will occupy the building at once.

Mont wins, and Mont has not only placed Hood's Sarsaparilla at the head of all medicines but has practical given it, as a blood purifier, possession of the whole field.

Hood's Sarsaparilla

Wins because it Cures. It Cures because it purifies, vitalizes and enriches the blood. Disease cannot resist its potent tones. Health comes at no price. bidding. If you need a good medicine, get Hood's and try Hood's.

attraction at the Casino, next Saturday
evening.

"Coon Hollow" is the name of
the attraction which will be presented
at the Casino, next Friday evening.

Regular monthly business meet-
ing of the Ladies' Auxiliary to Ontario
House Co., to-morrow afternoon,
at the truck house.

George T. Wheeler, agent for
the Singer Sewing Machine Company at
Norwich, was arrested, Friday
night, charged with appropriating
\$150 belonging to the company.

It is a peculiarity of human
nature that those who complained
most loudly of the unseasonable
weather of last week are suffering
most from cold, to-day.

Paterson has a case of typhus
fever. The patient, Edmund Burke,
arrived in this country a week ago
on the Lucania, of the Canard line
and is supposed to have contracted
the disease on shipboard.

The New Jersey Electric Railway
Co., which operates a line between
Hoboken and Paterson, has been
compelled to pay half of the last six
months' interest on its bonds in
scrip. Its bonds amount to \$2,300,-
000.

Mrs. Jane Jacksonbush, of Un-
derhill, N. J., was stricken with
paralysis while carrying a lamp,
Friday evening, and the lamp being
broken when it fell to the floor, her
clothing caught fire and she was
burned to death.

PERSONAL.

Mr. W. E. Garry, of Utica, was
in town, to-day.

Mr. Frank Florence, of New
York, spent Sunday in town.

Mr. C. E. Weisz, of New York,
spent Sunday in town.

Miss Belle Brink, of this city, is
visiting her uncle, Mr. H. Wilbur
Brink, of Bloomingburg.

Mr. and Mrs. Richard Taylor, of
New York, are visiting their niece,
Mrs. Frank Harmon, on West Main
street.

Mr. Frank E. Knapp, of the
Nyack Evening Star, is spending a
week with his parents and other relatives
and friends in this city.

Mrs. L. Lachmund, of Academy
avenue, who has been visiting friends
and relatives in Brooklyn and Long
Island, for the past two weeks, re-
turned Saturday.

Miss May, daughter of James R.
and Mary Cody, died of consumption
at her home in Port Jervis, Saturday,
aged twenty-six years.

Mr. James Murray died suddenly
of heart disease, Saturday, at his
home in Port Jervis. He was seventy-
five years old. He is survived only
by his wife.

Among others from Port Jervis
who attended the anniversary services
at St. Joseph's Church, yesterday,
were Miss Mamie F. Salley, a
niece of Rev. Father Salley, and
Messrs. E. J. Collins, of the Port Jervis
Gazette, and Peter Flannigan, of the
clothing firm of Gunning & Flan-
nigan.

That Joyful Feeling

With the exhilarating sense of re-
newed health and strength and in-
ternal cleanliness which follows the
use of Syrup Figs, is unknown to the
few who have not progressed beyond
the old time medicine and the cheap
substitutes sometimes offered, but
never accepted by the well informed.

A CHURCH'S ANNIVERSARY

ST. JOSEPH'S R. C. CHURCH CELE-
BRATES ITS 30TH BIRTHDAY.

Interesting Ceremonies Morning and
Evening—Beautiful Decorations—Fine
Music—Able and Eloquent Sermons—
Arch Bishop Bl secures the New Stations
Former Pastors Participate in the
Services—Wonderful Growth and
Prosperity From a Small Beginning.

Yesterday was an eventful day in
St. Joseph's Roman Catholic Church
in this city. It marked the thirtieth
anniversary of the founding of the
parish and the establishing of what

down one aisle and back through an-
other to the chancel, and took their
respective positions at the altar with-
in the chancel.

The General mass was then cele-
brated by Rev. P. J. Prendergast, as-
sisted by Revs. Andrew O'Reilly as
deacon and Edward O'Gorman as as-
sessor, all former pastors of St. Jo-
seph's.

DEAN PENNY'S SERMON.

The Very Rev. Dean Penny, of
Newburgh, is an eloquent speaker
and delivered a most excellent ser-
mon, which we regret we have not
the space to give in full. His text
was: "My eye shall be opened and
my ear attentive to the prayer of

Highest of all in Leavening Power.—Latest U. S. Gov't Report

GEO. B. ADAMS & CO.'S
Syndicate of Four Large Dry Goods
and Cloth House.

Buying goods as we do for
four such stores and paying
spot cash for what we buy, en-
ables us to place goods on our
counters at lower prices than
you can buy elsewhere, quality,
style, etc., considered. New
to-day 10 rough cloth jackets,
26 inch long, double breasted,
with four large buttons and nicely
lined, marked at \$12.50, we say that they are worth at least \$16.00.

ARCHEBISHOP CORRIGAN PRESENT.

In the evening added interest was
given the services by the presence of
His Grace, Archbishop Corrigan, of
New York, who arrived in town in
the afternoon, accompanied by his
secretary, Rev. J. Connolly, from
Floride, where he had dedicated the
new Polish church in the morning.

It is not often that even Catholics
outside of the great cities are per-
mitted to view such a sight as was
presented on this occasion. The altar
of white and gold, a work of art in
itself, with its lavish floral decora-
tions, lighted by many candles, the
procession in which were the Arch-
bishop, many priests and acolytes
wearing their robes of office, all under
a flood of gas light, made a brilliant
picture that produced a profound
impression upon all present.

After the ceremony of blessing the
new stations of the cross, the Arch-
bishop and the priests took seats
within the chancel and then Mill-
iard's vespers were celebrated by
Rev. Father Salley, of Port Jervis,
assisted by Rev. John J. Keogh, of
New York, and Rev. John P. Shee-
nan, of Port Jervis.

REV. FATHER TAYLOR'S SERMON.

The sermon in the evening was
preached by Rev. Matthew Taylor,
pastor of the Church of the Blessed
Sacrament, of New York city, one of
the most eloquent divines in the di-
ocese.

Rev. Father Taylor did not ascend
into the pulpit to preach, but took
his position in front of the altar. His
subject was the use of symbols in
Catholic churches, special reference
being made to the new stations of
the cross, which the Archbishop had
previously blessed.

He first spoke of the prejudices of
professed Christians, and advocated
more liberal views of the religious
beliefs of others. He said if men
walk according to their light we
should respect them. To make light
of or ridicule their belief is contrary
to the laws of our land, the golden
rule and the teachings of the Divine
Master. We should respect every-
body's religious belief and form of
offering devotion, no matter who or
what they may be. Religion is tak-
ing the best things in our natures
and offering them to God in our own
way.

Speaking of the criticisms that
had been made of Catholics using
images and symbols and the charge
that they worshipped these emblems,
he refuted the unjust accusation by
explaining their use in the instruc-
tion of the people and as constant
reminders of their religious duties.
He illustrated this idea by reference
to the statues that men erect to the
memory of departed heroes and the
respect that is always shown to these
emblems of our love and admiration.
Another illustration was the preser-
vation of pictures of departed friends
and the reverence always shown them.
No one finds fault because
the boy looks with almost veneration
upon the picture of his mother
nor with the soldier who will don his
hat in front of the statue of his dead
general, and why should they com-
plain if the Christian bows the knee
in reverence before the cross or the
image of the savior because of his
love for the master.

The object of the stations of the

service arrived the church was filled.

should be some special place where
he may resort to commune more
closely and intimately with His
Maker, that the longings of his soul
may be better answered and hence it

is that he recognized not only reason
and justification, but likewise a
necessity for the building of these
material structures we call churches.

He feels that just as the business
of states and individuals requires for
its transaction specially designed
buildings so too does the great and
most important business of the soul's
salvation, require a special building

cross in imparting religious instruction and keeping alive the love of christians for Him who suffered upon the cross for their salvation, was so clearly explained that every unprejudiced mind could accept it.

The sermon left lasting imprint upon all who heard it; in especial, it may be said of it: that it instructed enlightened and, if the word may be used, delighted its hearers who were not of the creed of the eloquent preacher.

FINE MUSIC.

The music both morning and evening was rendered by the combined choirs of St. Joseph's Church, of this city, and St. Mary's Church, of Port Jervis, and was of a very high order, such as is seldom heard in this locality.

The Port Jervis choir is composed of thirty voices with three violinists and an organist. The latter is Miss Belle Johnson and the violinists are Messrs. D. C. V. Young, J. Davis and T. Mahoney. The members of the choir present, yesterday, were:

Director—D. C. V. Young.

Sopranos—Misses Mary E. Young, Agnes Duffy, Minnie Tracy, Rose Dowd, Theresa Monahan, Marie Burke, Anna Davis, Lizzie Birmingham, Mamie Stratford, Mrs. Bringshaw and Mrs. James Lyon.

Altos—Mrs. S. F. Gunning, Misses Emma Davis, Kate Gunning, Freda Scheer, Caroline Walz, Ella Manning.

Tenor—Messrs. Raymond Schauer, T. F. Gunning, F. Cunniff, H. Feil, L. Scheib, J. Mahoney.

Bass—Messrs. A. G. Duley, W. McCormick, William Starrick and T. A. Corzelman.

The soloist are: Misses Mary E. Young and Anna Davis, soprano; Miss Emma Davis, alto; Messrs. Schauer and Gunning, tenor, and Mr. A. G. Dudley, bass.

The choir is made up of well trained singers, is nicely balanced and renders excellent music.

ST. JOSEPH'S CHOIR.

The Middletown choir is composed of sixteen voices, but is unfortunate in that it has at present but one male singer, except such assistance as the organist, Mr. J. M. Garland, is able to render in addition to playing the instrument. There are some good singers in the choir and there is enough good material in the congregation to make a first-class organization and we understand that among the many improvements being made at this church is a plan to organize a philharmonic society for the purpose of developing singing for the choir.

The organist of the choir is Mr. J. M. Garland; Miss Maggie Cunningham is the soprano soloist and she has few, if any superiors in Middletown, as those who heard her in the Ave Maria, yesterday, will agree. Mr. J. C. Deegan is the tenor soloist. Other members of the choir are: Mrs. Mary A. Garland, and Misses Nora Breastan, Maggie Keating, Susie McPhillips, Katie Garland, Bessie McCormick, Nellie Keating, Daley Paire, Mary Durham, Julia Moore, Nellie Cobson, Isabilla Ural, Mary C. Halan, Nellie Costello.

HISTORY OF ST. JOSEPH'S CHURCH.

The first Catholic service ever held in Middletown was in September 1865. The first entry on the baptismal records of St. Joseph's Church was made on Nov. 12, 1865, and the first marriage ceremony upon the register was performed Nov. 26, 1865.

In September, 1865, the Rev. Andrew O'Reilly was sent by the late Cardinal McCloskey to establish a parish here. After residing at the rectory in Goshen for a short time he came to Middletown at the end of the year and there has been a resident pastor in this city ever since. The first pastor, Father O'Reilly, was born in Ireland in 1838 and came to this country in 1850.

In 1850 he entered the College of St. Francis Xavier, New York City, graduating in 1861. He studied theology at the Seminary of "Our Lady of Angels" and was ordained priest on the feast of St. Thomas in 1863.

His first mission was in Newburgh, where he came to Middletown. Whilst here he purchased the present property and built the old church, St. Paul's. Boville, was likewise built by him. Orville was also attended from Middletown. So few were Catholics in this vicinity in those times that at one period, owing to the sickness and absence of the other priests, all of Sullivan county and nearly all of Orange and Ulster counties were attended by him.

In June, 1894, Father O'Reilly was transferred to "Old St. Mary's," New York city, and later to Yonkers, where he has continued to labor in the ministry ever since. From such small beginnings has arisen the flourishing parish which celebrated its 30th anniversary Sunday.

For the first two years after Father O'Reilly came here services were held wherever convenient quarters could be found.

In 1867 a frame church was erected on Cottontree street which did service until 1877, when the congregation had outgrown the structure and the present fine edifice was erected.

The second pastor of the church was Rev. Edward O'Gorman, now of Kingbridge, N. Y. He was followed Rev. P. J. Prendergast, now pastor of the Church of the Epiphany in New York, to whose efforts is due

a great degree, the erection of the new church edifice.

It was fitting that Rev. O'Reilly, O'Gorman and Prendergast should be present and unite with Rev. Father McClancy in the celebration of the thirtieth anniversary of the church, which has made such wonderful growth under their ministrations. It was also appropriate that Rev. Francis C. Leney, who for six years was the associate of Father McClancy and did much to aid him in building up the church, should have a prominent part in the ceremonies on this joyful occasion.

THE NEW STATIONS OF THE CRO S.

The stations of the cross were formerly represented by pictures, but through the generosity of Mr. Patrick Dougherty, new ones of statuary have replaced them. They are fourteen in number and illustrate the march from Pontius Pilate's court to Calvary, the crucifixion and the burial of Christ. The statuettes are of half life size and were made in Munich, of a composition called carton pierre. Each station is six feet square and has six to eight figures. The latter are lifelike in appearance, the face of the Savior giving expression to his agony as he carries the cross and wears the crown of thorns; those of his followers, their sympathy and sorrow, and those who crucified him, their brutality and hatred.

The cost of the new stations is said to exceed \$2,000. Mr. Dougherty's gift is certainly a mucificent one and he should have the lasting gratitude of the members of the congregation of St. Joseph's.

GABE TUTHILL GETS HIS MONEY.

THE LONG ISLAND RAILROAD COMPANY PAYS THE JUDGMENT FOR \$18,500 OBTAINED AGAINST IT IN MR. TUTHILL'S SUIT FOR INJURIES SUSTAINED IN THE PARKVILLE TUNNEL WRECK—A HARD AND WELL FOUGHT LEGAL BATTLE.

The many friends of our townsman, Mr. Gabriel Tuthill, who have sympathized with him in his great misfortune which overtook him in the Parkville tunnel disaster two years ago, will be glad to know that his attorneys, Messrs. Vanamee, Watts & Vail, to-day, received a check from the Long Island Railroad Company for the full sum of \$18,500, the amount of the verdict which was rendered in favor of Mr. Tuthill in his action against that company.

In every move in this important case the plaintiff's attorneys have been successful. The first effort of Mr. W. C. Beecher, the attorney for the railroad company, was to secure delay, but although many legal artifices were resorted to, the case was brought to trial at the January Circuit, at Goshen, in 1891.

The trial of the action attracted much attention. Mr. Tuthill's case had been most carefully prepared and Mr. Vanamee added many fresh laurels to his fame as an able and brilliant trial lawyer by the ability with which he handled the medical testimony, which constituted the most important part of the case and on which the amount of damages really turned. As was to be expected he was thoroughly up on all law points involved and in every tilt with opposing counsel proved himself equal, if not superior to the railroad company's able advocate, Mr. Beecher.

Every one who heard the case agreed that the verdict for \$18,500, the largest ever awarded in Orange county for personal damages, could not have been won but for the masterly manner in which plaintiff's case was presented and handled. The railroad company appealed the case. Its main contention was that the verdict was excessive, but the General Term affirmed the judgment, Judge Cullen concurring in the opinion which was written by Judge Dykmen, Judge Brown, before whom the case was tried, not sitting. Notice of appeal to the Court of Appeals was served Nov. 4, 1894, but the railroad company had had enough and several months ago began negotiations for a settlement. Before trial it had offered Mr. Tuthill \$500. Its first offer, after having been beaten in General Term, was \$15,000.

The offer was promptly rejected. It was followed about six weeks ago by one of \$17,500 and this, too, was rejected. Then came the proffer of the face of the judgment, \$18,500, and this was accepted, plaintiff throwing off interest and costs.

Conductor Kirby's Bear.

The carcass of a black bear is on exhibition in front of J. M. Phillips' market, to-day. A card attached to the "bear" gives the following legend:

Black bear captured by Conductor O. Kirby while crossing the Alps of Pike county, Pennsylvania.

Witnesses: J. M. Phillips,

J. M. Brazeau.

The bear weighed, dressed, 158 pounds.

Catarrh in the Head.

It is due to impure blood and cannot be cured with local applications. Hood's Sarsaparilla has cured hundreds of cases of catarrh because it purifies the blood and in this way removes the cause of the disease. It also builds up the system and prevents attacks of pneumonia, diphtheria and typhoid fever.

Hod's Pills become the favorite cathartic with every one who tries them. 25¢.

LOCOMOTIVE EXPLODES.

IT RESULTS IN DEATH TO FOUR OF THE TRAINMEN.

THEIR BODIES TERRIBLY MANGLED.

TWO OF THE UNFORTUNATE MEN WERE KILLED INSTANTLY, WHILE TWO OTHERS DIED FROM THEIR INJURIES SOON AFTER—FATAL WRECK IN TENNESSEE.

WARRICK, N. Y., Nov. 11.—Engine No. 13 of the Lehigh and Hudson railroad blew up yesterday eight miles from this place. Two men were instantly killed and two others died later from their injuries. The engine was drawing a train between Maybrook and Phillipsburg.

Conductor Martin O'Neill, of Colvilles, and his head brakeman, James L. Sloan, of Phillipsburg, were in the cab with the engineer, William Cooper, of Phillipsburg, and his fireman, Herbert Bechner, of Easton, Pa. The train of thirty cars had reached the top of the grade near the stone bridge, and as the train started down cold water was doubtless run into the boiler.

Brakeman Morris Hell saw the explosion that followed. The heavy boiler went fifty feet in the air and fell twenty-five feet from the tracks, leaving the engine trucks uninjured. Hell threw him self full length on a car and clung there. He recovered himself, and he and Flagman Adams began setting brakes. The train ran a mile and a half before it could be stopped. Hell ran six miles to Warwick and gave the alarm, and Adams went back to flag the on-coming express.

Superintendent Bulley, with a gang of men, went in an engine to the scene. A terrible sight met the rescuers. Conductor O'Neill was crushed and mortified almost beyond recognition, the train having passed over him. Sloan hung unconscious on a barbed wire fence, and Engineer Cooper lay dead under the boiler. All were nearly naked, parts of their clothing hanging in the trees near by. A little later Fireman Bechner was seen walking along the tracks, his trousers being his only apparel. He was dazed and said he remembered going through the air and found himself in a field fifty feet from the tracks. He soon relapsed into unconsciousness and was taken to Easton, where he died a few hours after the accident. Brakeman Sloan died soon after being brought to this place.

O'Neill was forty years old and single. Cooper and Sloan leave families at Phillipsburg. Engine No. 13 has been in one or two accidents before. Two months ago she was given a general overhauling and was considered by the master mechanic to be in good condition.

The demand for Ayer's Hair Vigor in such widely separated regions as South America, Spain, Australia and India has kept pace with the home consumption, which goes to show that these people know a good thing when they try it.

SIX O'CLOCK.

WEARY WOMEN WATCH FOR THAT BLESSED HOUR.

HELP FOR OUR WORKING-GIRLS AND WOMEN NEAR AT HAND.

[SPECIAL TO OUR LADY READERS.]

IN the stroke of six ends the day's work at stores, offices, factories, mills, where women are employed. But their necessary work at home, sewing, mending, etc., must be done after that time, and "their work is never done."

All women work; some for ambition, some for economy in the household, but the great mass of women work for their daily bread. All are subject to the same physical laws; all suffer alike from the same physical disturbances, and the nature of their duties often quickly drifts them into the horrors of all kinds of female complaints, ovarian troubles, inflammation, ulceration, falling and displacement of the womb, leucorrhoea, and perhaps irregular or suppressed "monthly periods," causing severe backache, loss of appetite, nervousness, irritability and weakness.

Lydia E. Pinkham's Vegetable Compound is the untiring cure for all these troubles. It strengthens the proper muscles, and cures displacement.

Backache, dizziness, fainting, bearing-down, disordered stomach, moodiness, dislike of friends and society—all symptoms of the one cause will be quickly dispelled.

Write Mrs. Pinkham about your trouble.

You can tell the story of your pain to a woman, and get the help that only woman can give. Mrs. Pinkham's address is Lynn, Mass.
